CALL FOR PAPERS

</div>

Background

The ACUCA Biennial Conference brings together representatives of ACUCA member institutions for a comprehensive discussion of a single theme. For this year, the theme of the conference is **"The Internet's Impact on Identity and Character Development of Students in Asian Christian Higher Education: Issues and Solutions."** The conference will take place on the campus of Christian University of Thailand, Nakhon Pathom, Thailand, during the period 11-14 October, 2018.

Previous conferences have been excellent platforms for debate and discussion on areas of interest. This year's theme was suggested by the Executive Committee of ACUCA. And we expect that it will engage conference attendees from both an academic and personal perspective.
