Areas of Strength

■ Linton GlobalCollege

The Linton School of Global Business(LSGB) aims to educate future experts by equipping them with both theoretical and practical knowledge to work in the international settings. This is a unique department where the entire courses are conducted in English by our international faculty. Students are constantly immersed in international atmosphere, both in terms of their education and their living style. LSGB offers a selective 4 year bachelor degree program in International Trade & Marketing and Media & Culture. In addition LSGB students have the opportunity to add specialized expertise in Global IT Management, in the major areas of SMART Management and IT Services, and soon to be launched Global MBA program. Hence, upon graduation LSGB students are equipped with the skills and abilities, to meet the challenges of a contemporary globalised world.

■ The College of Life Sciences and Nano-technology

The College of Life Sciences and Nano-technology located in Daedeok Valley campus (the second campus), Hannam University at the Daedeok Innopolis is a composite college with the purpose for greater industry-academia cooperation by linking complex research and venture businesses to provide study support for the students and consultation for the companies. Internships undertaken at these enterprises are core to this program and through technologically-intense and innovative projects, we aspire our graduates to aim to become future CEOs and experts in the field.

The College of Life Science and Nanotechnology has been designed to not only provide specialized educational programs, but to also conduct research in the fields of life science and nanotechnology. As a means of broadening students' expertise in the fields of biotechnology (BT) and nanotechnology (NT), the college will run programs in conjunction with related industries and research institutes. Staff and faculty at the Daedeok Valley campus will make consistent, all-out efforts to educate and motivate the students to become creative and devotional leaders in the society, particularly in the BT and NT areas.
